The Second Annual Warm Blankets for the Needy

Looking for a way to get into the holiday spirit of giving? Rave Reviews invites you to share in our exciting holiday project: making no-sew fleece blankets for the needy. A simple and fun activity, making these blankets will not only warm your heart but will bring warmth to families in need. (See instructions below.)

The blankets will be distributed through The Colorado Coalition for the Homeless or brought to a local charity or homeless shelter.

This will be a fun, do-it-yourself project, an interoffice activity or a company-wide event. Make one at home or bring yards of fleece to the office and have everyone participate...a great team building, morale boosting opportunity. You can even include family and friends.

If you're in the neighborhood, you can drop them off at Rave Reviews (8201 East Pacific Place, Suite 510, Denver, CO 80231) or call us (303-695-9002). We'll be happy to come pick them up if you're in the Denver Metro area. If you're outside Metro Denver, just take them to any local charity or homeless shelter.

This is a great event that will not only bring your employees together but will bring smiles and warmth to some needy family: a perfect event for the holidays or any of the cold winter months.

Call us if you have any questions or you need help putting this together. This is not only a **no sew** event, it is also a **no fee** event.

Have a happy holiday season!

Instructions

The Simplest, No Sew Fleece Blanket – This is the absolute easiest to create. To make:

- Buy 1½ - 2 yards of colorful, medium to heavy-weight fleece
- Trim the blanket until all the edges are even, removing the rough machine

finished edges in the process. The smooth, cut edges of the blanket won't fray and in just a few minutes you'll have a simple, snuggly blanket

- Time involved...a trip to the fabric store and 5 minutes to remove the rough edges.

The Simple, Fringed, No Sew Fleece Blanket – Also very easy but the fringed edges dress it up a bit. To make:

- Buy 1½ - 2 yards of colorful, medium to heavy-weight fleece
- Trim the blanket until all the edges are even, removing the rough machine finished edges in the process.
- Using a sharp scissors or a rotary cutter fringe the opposite edges of the fabric so that you have two smooth edges and two fringed edges. (Fringe can be approximately 1" wide and 4" long.)
- Voila! A warm, cuddly blanket
- Time involved...a trip to the fabric store and 30-60 minutes to fringe the edges.
